

mod_linear_regression
::base_linear_regressor

```
graph BT; A["mod_linear_regression::ridge_regression"] --> B["mod_linear_regression::base_linear_regressor"]
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'mod_linear_regression' followed by '::base_linear_regressor' on the next line. The bottom box is gray with a black border and contains the text 'mod_linear_regression' followed by '::ridge_regression' on the next line. A blue arrow points vertically from the top of the bottom box to the bottom of the top box, indicating an inheritance or specialization relationship.
