

```
mod_stats::variance  
::variance_values_of  
_matrix_real32
```

A diagram illustrating a pointer relationship between two variable declarations. On the left, a white box with a black border contains the text 'mod\_stats::variance ::variance\_values\_of \_matrix\_real32'. A blue arrow points from this box to a gray box on the right. The gray box contains the text 'mod\_stats::variance \_values\_of\_matrix\_real32'. The arrow indicates that the first declaration points to the second.

```
mod_stats::variance  
_values_of_matrix_real32
```
